Johneros Puyo

Introduction / Interviewer Instructions

Purpose

This interview aims to assess MMC's current technology use, operational challenges, awareness of emerging technologies, readiness, skills, budget, and implementation capacity. The results will be used to develop a technology adoption recommendation report. The contents of the interview are about emerging technologies as well as their characteristics and the building blocks of the Fourth Industrial Revolution.

Instructions (for the Interviewer)

- Introduce yourself first and explain the terms and purpose of the interview.
- Ask each question precisely and allow the interviewee to further elaborate their response.
- Record important answers in the notes section.
- Use follow-up questions such as “Why?”, “How?”, “Can you elaborate?”, or “Can you give an example?’ when needed.
- Avoid bias and do not influence their answers.

Interviewer Information

Name: _____

Position: Technology Consultant

Interviewee Information

Name: _____

Position:_____

Department: _____

Date of Interview: _____

Background and Current State

1. What are MMC's main business and manufacturing processes?

Response/Notes:

_____

_____

2. What technologies, and systems does MMC currently use?

Response/Notes:

3. What are the major manufacturing challenges MMC currently faces?

Response/Notes:

Probe: Why do you think these challenges occur?

4. Which areas of MMC's operations most need improvement through technology?

Response/Notes:

5. How does MMC currently collect, store, and use its business and operational data?

Response/Notes:

Probe: What difficulties does MMC experience when accessing or analyzing this data?

Technology Awareness and Readiness

6. How familiar are you with emerging technologies such as AI, ML, AR, IoT, Cloud Computing, and Quantum Computing?

○ Not Familiar

○ Slightly Familiar

○ Moderately Familiar

○ Very Familiar

○ Extremely Familiar

7. Which of these emerging technologies has MMC already considered, tested, or implemented?

○ AI

○ ML

○ AR

○ IoT

○ Cloud Computing

○ Quantum Computing

○ None

8. How ready do you think MMC is to adopt emerging technologies?

○ Not Ready

○ Slightly Ready

○ Moderately Ready

○ Very Ready

○ Extremely Ready

Probe: Why did you choose this level of readiness?

9. What would encourage MMC to adopt emerging technologies?

Response/Notes:

_____

_____

10. What concerns or challenges could prevent MMC from adopting emerging technologies?

Response/Notes:

_____

_____

Industry and Competitive Analysis

11. How important is emerging technology adoption for MMC to remain competitive in the manufacturing industry?

○ Not Important

○ Slightly Important

○ Moderately Important

○ Very Important

○ Extremely Important

Why?

_____

_____

12. Are MMC's competitors currently using advanced or emerging technologies?

○ Yes

○ No

○ Not Sure

Probe: What technologies have you observed, if any?

13. What changes do you expect emerging technologies to bring to the manufacturing industry within the next 3–5 years?

Response/Notes:

_____

_____

Specific Technology Areas

14. How could AI and Machine Learning be used to improve MMC's operations?

Response/Notes:

_____

_____

Probe: Could they help with quality control, demand forecasting, production planning, or predictive maintenance?

15. How could Augmented Reality (AR) be used in MMC?

Response/Notes:

Probe: Could AR be useful for employee training, equipment maintenance, or product visualization?

16. How could the Internet of Things (IoT) improve MMC's manufacturing processes?

Response/Notes:

Probe: Could connected sensors help monitor machines, production, inventory, or environmental conditions?

17. Does MMC currently use or plan to use Cloud Computing?

○ Yes

○ No

○ Considering It

○ Not Sure

Probe: What benefits or concerns does MMC have regarding cloud computing?

18. How could Big Data Analytics help MMC make better business or operational decisions?

Response/Notes:

Probe: What types of data would MMC most like to analyze?

19. How familiar is MMC with Quantum Computing, and does the company see any possible long-term applications for it?

○ Not Familiar

○ Slightly Familiar

○ Moderately Familiar

○ Very Familiar

Response/Notes:

_____

_____

Skills and Capacity

20. Does MMC currently have employees with the technical skills needed to execute and manage emerging technologies?

○ Yes

○ No

○ Partially

○ Not Sure

Probe: What skills are available, and what skills are missing?

21. Would employees require additional training before new technologies could be implemented?

○ Yes

○ No

○ Maybe

Probe: What type of training would be most useful?

22. How resistant do you think MMC employees would be to adopting new technologies?

○ Very Resistant

○ Resistant

○ Neutral

○ Receptive

○ Very Receptive

Why?

_____

_____

Budget and Implementation

23. Has MMC planned a budget for technology modernization?

○ Yes

○ No

○ Not Yet Determined

Probe: What factors would MMC consider when deciding how much to invest?

24. What implementation approach would MMC prefer when adopting emerging technologies?

○ Small Pilot Project
○ Gradual Implementation
○ Full Implementation
○ Not Sure

Why?

_____

_____

Closing

25. If MMC could prioritize only one emerging technology for the following years, which would you recommend?

Probe: What emerging technology would be most useful?

Response/Notes:

Closing Statement

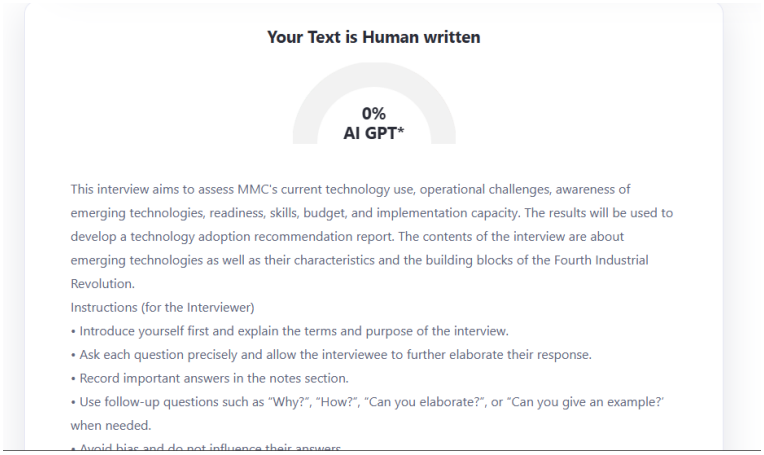

Thank you for your time and effort to participate. Your responses will help assess MMC's technology readiness and identify emerging technologies that can improve its operations, efficiency, and competitiveness. The information collected will be used as a basis for the adoption recommendation report.

AI Checker and Grammarly Results

Criteria	Excellent	Good	Satisfactory	Needs Improvement	Score
Completeness of Sections	All 9 sections complete and well-organized	7-8 sections complete	5-6 sections complete	Less than 5 sections	/15
Question Quality	Questions are clear, relevant, and probing	Most questions clear and relevant	Some questions unclear or irrelevant	Many questions unclear or irrelevant	/15

Coverage of Technologies	ALL emerging technologies covered thoroughly	Most technologies covered	Some technologies covered	Few technologies covered	/25
Alignment with Scenario	Questions perfectly match the MMC scenario	Questions mostly match the scenario	Some questions match the scenario	Questions do not match the scenario	/10
Open-Ended Questions	Excellent mix with effective probes	Good mix with some probes	Some open ended questions	Few open-ended questions	/10
Professional Format	Very professional, clean, and organized	Professional with minor issues	Somewhat professional	Disorganized or messy	/15
Practicality	Questions are practical and usable	Most questions are practical	Some questions are practical	Questions are impractical	/10

TOTAL SCORE: ____ / 100
